Subject: VB/I-70 resident - Micah Stoker at 3348 Steele st., Denver

Hi Victor,

I spoke with Micah Stoker earlier today. He is unsure if his property was sampled and if it was sampled, what the results were. Please pull together the following information for me and I'll call him back.

Sampling results, the date his yard was sampled, and if possible, a copy of the consent form (access agreement) giving EPA permission to sample his yard.

If his yard hasn't been sampled yet, please let me know and let's make arrangements to sample his yard.

I told him I'd get back to him in short order, so please get back to me as soon as possible.

Thanks,

Russ
